- Concluding Overview

OBJECTIVES OF THE FORUM

- ⇨ Bring together individuals, groups, organizations, networks and movements involved in the struggle for making the voices of the unheard, heard and to attain Health for All.

- ⇨ Review our concerns on a wide range of broader, national and global determinants, which affect Health for All, includingglobalization; militarism and war; exclusion because of gender; ethnic or minorities status; disability, poverty and marginalization.

- ⇨ Share the experiences and strategies, responses and alternatives evolving at local, national, regional, global to meet these challenges.

- ⇨ Consolidate and integrate the above in the evolving course of the People's Health Movement at global, regional and national levels, including building further the People's Charter for Health, which has evolved as the PHM manifesto.

- ⇨ To mainstream health in the events at the World Social Forum through involvement of health activists and professionals in cross sectoral issues at local and global level.

PROCESS OF THE FORUM

The programme includes 6 plenaries and 14 workshops from which a ***Mumbai Declaration*** for Health for All, Now, will emerge.

Every session - plenary or workshop is a 2 hour session with a mix of testimonies / voices from the field and panelists and at least 30 minutes for interactions from the floor. Each sessions will have a chairperson, a Moderator and a rapporteur and always some testimonies or voices from the field.

Role of Chairperson

- Will work with the Moderator to organize the session
- Will be familiar with content and objectives of the session
- Will manage the session with strict adherence to timing and focussing on the expected output.
- Will manage the interactions from the floor during discussion period.
- Will summarize the main points from the presentation and discussion (5 minutes in the end).

Role of Moderators

- Will work with IHF organizers to plan the final programme and list of testimonies and panelists;
- Will be responsible overall for the smooth conduct of the particular panel workshop.
- Will plan the time schedule for inputs and time for interactive discussion.
- Will assess in advance the projection / audio - visual needs of the speakers.
- Will introduce chairperson and speakers / panelists.
- Will liase with rapporteur and support team to facilitate the session.
- Will brief the chairperson about the plan and framework.
- Will ensure that a small 3 minute summary of the whole session (issues of concerns and action initiatives or campaigns) is got ready for the final plenary session and a suitable volunteer (one of the participants) is prepared to present it.

Role of Panelists

- Will get 10-15 minutes to present a focussed reflection on the issue or theme of their workshop / presentation and respond to the testimonies voices.
- Will focus on a presentation that moves from 'diagnosis' and 'situation analyzer' to some action / campaign / advocacy at local, national, regional, international level.
- Give a 2-page summary of the presentation finally for the proceedings and a copy of the OHP sheets or PowerPoint presentation to help the rapporteur.

Role of Testimony givers / Voices from the field

- Will give a short testimony, case study or a voice from the field
- Will get 5 - 7 minutes to present a succinct, focussed presentation on a issue / action / campaign.
- Preferably, these should be human stories, voices of the people, and the unheard, not just data and statistics.
- May use songs and other forms of people's culture and more thought provoking presentations.
- A 2-page summary must be submitted to the secretariat / organizing team, preferably before the presentation.

Interactive possibilities

To make the IHF more interactive, the following other activities are being facilitated:

- Longer lunch breaks (1 hour) and tea / coffee breaks ($^1/_2$ hour) for fellowship.
- Short films / videos during the lunch breaks.
- A cultural event on 14th January, 7 to 8 pm at YMCA.
- A place for display and distribution of books, charts, phamphlets, posters.
- A low cost exhibition - just a rope and pegs to display anything (posters / charts/photographs) which participants have brought for display.

"The Health Universe is only complete for those who see it in a complete light, it remains fragmented for those who see it in a fragmented light!

Alma Ata provided us with such a complete light through its Health for All Vision and its Primary Health Care Strategy!!"

Halfdan Mahler - 2003

And many others

Date : 9th January 2004

GIVE HEALTH A CHANCE!

- A PHM Song

Everybody's talking about
Globalism and localism
Liberalism, conservatism,
Socialism and fascism,
Nationalism and endless rows of
Other '-isms', but

All we are saying is
Give HEALTH a chance;
All we are saying is
Give HEALTH a chance!

Everybody is talking about
Revolution, evolution,
Regulation, transformation,
Integration, separation,
Degradation, concentration,
Corporatisations; endless rows of
Other '-ations'; but

All we are saying is
Give HEALTH a chance;
All we are saying is
Give HEALTH a chance!
